“ I have and will forever keep wonderful memories of my dear high school friend Patty. I was fortunate enough to personally visit Patty a few weeks ago. We "traveled back" through our high school days and shared many laughs. But, the conversation always lead back to what meant the most to Patty - God and her loving family. She expressed many times how very much she felt loved and happy in her years here on earth. She told me that she knew she would see you all again. One of my favorite quotes: Family faces are magic mirrors - looking at people who belong to us, we see the past, present, and future ~Gail Lumet Buckley My deepest sympathy to you all. Keep the memories and share them with generations to come. I know you will see a glimpse of Patty. God Bless

“ I don't get the honor of saying I was a close friend of Patty's but I considered her a friend. The brief years I knew her were filled with her smiles that made me smile and her laugh that made me laugh. She was always genuinely nice to me and everyone around her. No one ever had anything but great things to say about her. I so loved seeing the pictures of her happy family. I know that she had a full and wonderful life. We will all miss her smiling face and warm heart. Thank God for our memories.  
God bless her family.

“ I was a friend of Terri's in High School and I have such a heavy heart after hearing that everyone has lost such a lovely mom, sister, daughter friend ... I am thankful I was lucky enough to have been touched by Patti.

You will all gather and laugh, cry, with joy and pain. I know she is enjoying life in heaven now, but will be greatly missed here on earth by all.

God Bless You all and you will be in my thoughts and prayers. Her laugh and smile is forever implanted in my memories.

“ I had the opportunity to go on several teacher trips with Harding University. I had the opportunity to see so many beautiful places that God created and will never forget them. I also had the opportunity to meet some amazing people that have touched my life in so many ways. One of those people was Patti. I have never met anyone who had life itself sparkling in her eyes. She was the most alive, the most fun, and the sweetest person I have ever met. She loved with her whole body and her family was everything to her. I have great memories of Patti and I know she was loved just as deeply as she loved and that she will be greatly missed.

“ I had the privilege of learning under Mrs. Graul as a student teacher in the spring of 2011. I learned so much from her, not just about teaching but about life and about what it means to love your family and friends. She showed me how to maintain discipline while still being able to have fun with the students. The memory that stands out the most to me was when she put on a long blonde wig and sang "Crazy" in front of the entire class. I will never forget her smile or her laugh! My thoughts and prayers go out to her husband and children! I know she is smiling down on all of us from heaven!
