“ *Phyllis and Danny have been such a blessing to our family. Since we first moved in they've taken us under their wings. They are great neighbors who have been so genuine, helpful and kind. Our children love helping Phyllis and Danny pick up sticks from the yard...and the golf cart ride that always follows! I love that they treat them like grandkids...including discipline and sending them home if they need to. They keep an eye on us and 'all of our' other kids...and always let us know if things are amiss, which is such a blessing. They are such wonderful people. We will miss Phyllis dearly!!!*

“ *I lived across the street from Phyllis and I could always leave my house without worrying about anything. She was a great woman and will be missed.*
