“ *Rodney was a superior musician and an excellent teacher. Together we started the piano lab programs at Horace Mann and Parkview. His expertise and keyboard skills were amazing. The current piano programs at both schools owe their foundation to his keyboard technique methodologies. Sometimes God reaches down to takes our angels to be with Him.*

“ My heart goes out to Mr. Wallace's family. He will truly be missed at Terry. I've known Mr. Wallace for about 3 years and he was always pleasant and complementary. He would make you feel like you owned the world and were the best at doing what you did just by his generous comments and he always had a loving smile. I feel like God has taken a rare jewel but I know now that Mr. Wallace is in heaven and at peace. I pray the family finds comfort in knowing that Mr. Wallace's time on earth was not in vain and that he made a difference in the lives of everyone he knew and especially the children he taught. ~Rest in Sweet Peace~ Love you bunches...Ms. K. “ Rodney and I worked together as musicians at Second Baptist Church in Conway back many years ago. I recently reconnected with Rodney and we discussed the good times we had working together and playing piano/organ duets. He was always the perfectionist...an amazing musician...and a joy to be around! It was truly an honor to work with him. I cherish the memories of those days. Rest in peace, Rodney. We will meet again.

“ Awe Rodney,

You are a favorite part of my memories of while my children were in elementary school at Pulaski Heights. I remember your brave heart with children and how you supported me when my children were being hunted by Toni and her canny ways. You didn't miss a beat except for how exceptional you are. I will always cherish the memories I have with you.

“ Rodney taught piano with me at UALR. I have a very nice framed (20x8) drawing (caricature) that Rodney left in the office when he moved on. It seems to me that it should go to someone in his family if they would like to have it. Otherwise I will dispose of it.
