“ Dearest Larry, Rebecca and Family,

I absolutely loved your Mom and Pop. Lucy aka Nunu and Roy made my day every time they walked in the door at Symmetrix. They were both the light of my day. I truly don't know of a day that one or the other or both were not on my mind and made me smile.

What a life Roy had! He will be forever missed and a void in my heart. I am a better person for knowing Lucy and Roy and being introduced to your family. Thank you.

Larry and Rebecca, I saw the dedication you both put forth during their last days and I commend you for the love, respect and dedication you gave to Roy. He was fortunate to have a loving family.

May you both and your remaining family live your days in peace and happiness and may time heal your hearts from the loss of Roy Lee and your Mom. They are beautiful angels.

*Sincerely with love,
Doris L. Daley, Massage Therapist at Symmetrix*

“ I want to thank all of you for the love and support you gave Roy. He was so blessed to have found such a wonderful family since he had no children of his own. I talk to him the last of April, I called several times and I could tell he was getting weaker. He was a very special man to me and my family even though we had lost touch. I had search for him for years and was so excited when I finally located him. We made arrangments to go visit and your Mom got sick and after that he said he was so depressed and weak he would not be able to spend much time visiting. So we just call. God Bless You and Thanks!
