*To have been blessed for 43 years calling this man "POPS" has been a blessing to me. Through the years growing up, good times and bad, he has always been the loving, devoted, forgiving, patient, most of all gentle parent that God placed in my life. His unexpected passing is very hard to swallow, in time I know a healing process takes place, I miss you already so much, but I will see you again , until that time, rest in peace my dear sweet Pops.  
Your loving daughter, Dorothy*

*Mr. Roy Martin was a man like no other. I got blessed with him as a patient at a time I needed someone most. His laughter, jokes, and character showed just how great of a person he was. He would've given anyone the shirt off his back. To say he was a family man would've been an understatement. Every day for a whole year I've heard everything about his life, and family. There wasn't a day that went by, that Mr Roy wasn't telling me about each member. From running errands, to putting on his socks, to being his listening ear, there was never a dull moment. His light shined on me at one of the darkest times in my life. I will forever be grateful for getting to learn, and know Mr Martin. I will always cherish the good times and jokes he shared with me. He will always be known as "my favorite patient."(he always laughed saying that) Your Mallory will always remember, and cherish you from here. Save a seat for us all, I know Jo Ann was ready for you. ❤️*
