“ Dear David and family -- One of my fondest memories of growing in South Boston and on Marshall Avenue was of your grandparents whom I called Aunt Ella and Uncle Will although we were not related. I remember your mother and your Aunt Helen and your Uncle Billy. I was only a child then but early loved your family. I used to see Ruby and Ed out walkin when I would come to visit my parents Rachael and Nick King -- across the street from Leo and Bet Carden. Learning of Ruby's passing is like the end of an era. She used to play bridge with my mother sometimes. My best to your and your family.
