“ She was one of best, sweetest kind hearted strong independent women I knew. She was there the day I had my son and my daughter though we ran out of film b4 I got a pic of me and Memaw with my daughter. I have many precious memories with her at the cabin as a child but sad to say last few years not many due to financial n health issues myself. But I talked with her last week and she told she how much she understood and that I was a wonderful mother and to take care of my babies bc my daughter had just had surgery few weeks before but she knew how much I loved and missed her. She will be deeply missed and always loved and i will continue to tell my kids how wonderful she was 😊
