“ *Becky and family.....Please know how very sorry I am to hear of Booger's passing. The worst bicycle crash I was ever in was with Booger. I think I was around 10 and he was about 16, and we were goofing around and not paying attention and crashed into each other in front of Shelley Gordon's house. Being a big, strong guy like he was, I'm sure he would have never admitted how much it hurt, but I will. Anyway, after the scratches and bruises healed, we were able to laugh about it all. It's hard to understand why people are taken from us, but I do hope happy memories carry you through this sorrowful time. Tanya Fischer*

“ *Becky and family,
You all will be in my deepest thoughts and prayers before God. I can remember when we all were kids and I had to stay with Booger and we got out there in the woods and chased a squirrel up a tree and it was hard times and the critters like that made a good meal. We ended up choppin down the tree and I had given booger my coat to catch the varmet in it, he ended up grabing the thing with bare hands to keep my coat from getting dirty and booger ended up with a mad squirrel attached to his hand runing through the woods yelling. Of all things he made a new trail through the woods trying to protect my coat from getting dirty. Anyway I think that the squirrel met his match that day in Booger. Every time I think back and how hard we laughed about it all later was a great memory, being out in the woods and doing stuff together. God Bless him for his companionship in such hard times and for great memories.*

“ *Becky and family you have our deepest sympathy, Booger was a good friend and more fun to be around than anyone we have ever known. He is more like family than friend, it was like a member of our own family when we heard. Wish there was something to say that would make the hurt and feeling of loss go away, but the only thing we can say is that one day all of us will be together again. Now he is with Ray and Jerrel telling hunting and pipeline stories. God Bless you all and keep the faith that we will all be together one day.
Deepest sympathy, Mike and Helen.*
