“ *Remember the good times and she will stay in your heart until you, the family, will be reunited with her and your dad in heaven. I remember Shirley as being the type person that could do anything she set her mind to. She had such a good impact on the children she kept and the children she fostered. She will surely be missed. Love you all.*

“ Heartfelt sympathy to Shirley's family. God bless and comfort you in the days ahead.

My father Jesse Thomas Burton, and Shirley's father were half-brothers, and I remember Shirley when we were very young children. I have not seen Shirley since then, but some of my siblings had the privilege of seeing her from time to time. I am so sorry for her passing and your loss. God bless you all.

“ You dear mom and dad were such great examples to so many. We might have never fostered as many children as we did if it weren't for their example. They changed the lives of many, many children. It was said just yesterday that grief is the price we pay for love. I'm so sorry for your loss but know that she has been reunited with her mom, dad, Lester and her Heavenly Father. May Jesus be your Peace and Comfort during these difficult days!

“ Dear Les, Jenny, Anthony, and Mary Jane,

We are so sorry to hear about Shirley's passing. I remember so many good times with your family growing up. Your mom was a wonderful woman and I am so glad she and my mom remained so close over the years. Mom often talked about the talks they had sharing coping strategies for being on oxygen. They were a great support to each other. Now that they are both gone as our dads have gone, we reflect on our lives and treasure those we love. Please know you are in my thoughts and prayers. I love you.
