“ *I love you so very much. Our whole lives have dramatically changed. We miss you more and more each day. Kimberly and Bryan miss you more than you could ever realize. I see myself surrounded by everything you have touched or used and it makes me happy to know we got to be such a big part of you life. You gave us the best 6 last years. True we had our ups and downs but no matter what at the end of the day we always love each other. You are a great man. I love you to the moon and back babe forever and always.*

“ *Daddy.. I keep telling myself if I pretend that you're still here then reality won't set in. I was looking forward to moving in with you after I graduated. Now I don't know what I'm gonna do. You were than a father to me, you were my best friend. There was never a dull moment with you. It breaks my heart to know that you won't be there to walk me down the aisle or see your grandchildren grow up, but I promise that you will always be in our hearts. Words can't describe the pain of this broken heart.*
