“ I just wanted to say that Sylvester worked for my Dad Walter Smith at his car business in Judsonia for many years. My favorite childhood memories always has him in there. Being the youngest so many hours I used to stay there pestering him about something. He was the most thoughtful caring person. My Father and my entire family thought the world of him and he was more like family to us than an employee. So many times my sister and I have thought about him wishing we could see him again. Just last year we were saying we would really like to find him and see if he had the same memories as we did. My heart and my prayers are with you at this time. This world has truly lost one great man. He will be missed. Heavens gates have opened and let such a remarkable man walk thru. God Bless and Be with your entire family.
