“ What can I say about my friend "Little Rhea", or "Hotshot" as his daddy "Big Rhea" called him. What a blessing to have this family in my life!..

I drive by the deer stand "Little Rhea" built here on the farm every couple days. 4 x 4 posts and a platform to sit/stand on still up there. (Probably about as sturdy now as it was when we built it!.) Rhea pulled a good one on me one morning as I was walking to another deer stand not too far from his. I didn't have a clue Rhea was in his stand. I thought I was the only one on the place, being real stealthy, quietly sneaking thru the woods. Then I noticed a red laser dot hit my arm and then traveled across my body.! Holy smokes.! I'm sure I said other things as I started running and dodging between trees.... then I heard Lil Rhea laughing his butt off.... man o man, scared me to death.!

*He had a laser on his crossbow! I had to laugh at myself ..!
Lil Rhea, I love ya brother. I know you'll have a smile on your face when I see you again.....*

“ *I remember a family reunion in Kentucky years ago and Ray spent time teaching my 12 year old twins to fish at the lake. They saw their first copper head snake there with him but were not afraid because Ray was there. They thought we finally had someone cool in the family. Thank you Ray!*
