“ *Dr. Anderson:*

I just heard about your mother. I am so sorry and I want you to know I am thinking of you and what you and your family must be going through right now. Please accept my condolences. I can only imagine how difficult this must be for you.

I'm sorry I never had a chance to meet your mother, although given how often you would visit, it was clear how much you cared for her.

I am sorry I won't be able to make it to the funeral to convey my condolences in person but we really should plan a get together sometime soon. I'll call you and make arrangements.

My thoughts are with you and your family at this sad time.

“ Dr. A,

My thoughts and prayers are with you and your entire family at this time. From reading your mother's obituary, seems quite a productive life, with many positions held serving others in her community...a much admired trait!

Sorry to have missed you in Hilton Head earlier this year, but truly hope to catch up soon.

Love to all,

John T.
