“Daddy I sure am going to miss you. I know, you knew I loved you, and I know you loved me. We always said it in the last 10 - 15 years. It was not something we said when I was growing up but you just knew. I never wanted to regret you not knowing that. That part I am at peace with. I hope that you can see Ethan grow up from heaven I know you thought the world of him. That is why I wanted him to be there at the funeral I know you would have wanted him there. As long as I am alive I will make sure Ethan knows all about you. I will miss you and I love you. Until we see each other again...”
