“ *Bill-*

I was saddened to read of your father's passing. I have kind of kept up with you through my cousin Betty (Moore) Compton and have simply been remiss in contacting you. I regret doing so in this way. I hope you're OK.

“ *Billy, Margaret and Family*

Our sincere condolences on the passing of Dr. Covington. Many of his former patients who come to me now had nothing but the highest regard for his personal caring and professional services. Halifax was very fortunate to have such a fine family dentist in the community. Our thoughts and prayers are with you during this time of loss. Sincerely, Richard and Karen
